

## HSSV R02      Single V.35 cable – XP8927

### Compatible with the FarSync T2P and X.PORT PC2 cards

This cable type is used to connect a FarSync T2P or a X.PORT PC2 card to a V.35 network connector.

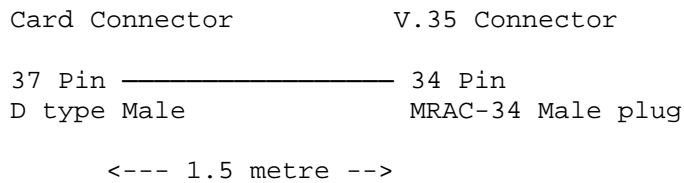

The label on the cable should read:      **HSSV R02**

The twisted pairs within the cable must be utilised as follows. The pairings are as viewed on the 37 pin connector:

2-20, 4-22, 6-24, 12-29 all others pairings are unimportant

The V.35 connector is an MRAC-34 plug (ISO 2593 connector).
